

United States Department of State

Washington, D.C. 20520

January 12, 2007

RSA Protective Technologies  
1573 Mimosa Court  
Upland CA 91784

Attention: Mr. Rick Adler

Dear Mr. Adler,

Based on your letter dated January 11, 2007, a technical representative of the Department of State (DOS) reviewed your request for a minor modification to the design of RSA's 5-inch footing, shallow mount bollard system which was previously certified on July 27, 2005 under the provisions of SD-STD-02.01, Revision A, *Test Method for Vehicle Crash Testing of Perimeter Barriers and Gates*, dated March 2003.

Upon review of the provided drawings and discussions held with you, the minor modification is hereby granted as outlined in the attached drawings and mentioned in your request; specifically, that a field adjustment be allowed of the tested unit using integral leveling plates and leveling set screws to match adjacent grade and pitch. Based on the previous certification, a review of the submitted drawings and analysis of the existing data, no less than the five bollard system, as previously tested, should be installed with this approved minor modification in order to meet the current certification.

Company/Manufacturer: RSA Protective Technologies, LLC  
Test Date: April 20, 2005  
Test Facility: KARCO Engineering  
Test Report Number: TR-P25076-01-NC  
Model Name/Number: RSA Shallow Mount Bollard System w/5-inch footing  
Barrier Rating: K8  
Brief Description: Shallow mount bollard system; five bollard set

This field adjustment is also approved for the K4 RSA Anti-Ram Bollard System as tested on April 4, 2005 and certified by the Department of State on May 23, 2005.

Company/Manufacturer: RSA Protective Technologies, LLC  
Test Date: April 4, 2005  
Test Facility: KARCO Engineering  
Test Report Number: TR-P25039-01-NC  
Model Name/Number: RSA Shallow Mount Bollard System w/8-inch footing  
Barrier Rating: K4  
Brief Description: Shallow mount bollard system; five bollard set

Thank you for your interest and endeavors in protecting our personnel and facilities overseas.

Sincerely yours,

A handwritten signature in blue ink, appearing to read "Deborah P. Glass". The signature is fluid and cursive, with a large initial "D" and "G".
